

## Market Release Note

MRN-B61P1A61P2\_RC18

---

Product number:	NXX-4G-WFSIM-AU
Product description:	RelianceXR series router
Product version:	RC18
Release date:	March 2023

---

Aritech is pleased to announce the immediate availability of the latest firmware for the NXX-4G-WFSIM-AU. This firmware release resolves an issue reported by the Reliance community.

## Resolved Issues

- Resolved intermittent connection faults between NXX-4G-WFSIM-AU and the Ultrasync Cloud.

## Documentation and Downloads

The latest version of firmware is available from Aritech. All downloads can be found at <https://www.firesecurityproducts.com.au/downloads-and-resources-library>.

## Upgrade Instructions

The NXX-4G-WFSIM-AU can be upgraded using DLX900 over local network only.

- **DLX900 Software**

Use DLX900 version 5.16.8 or higher to connect to the main panel. Select the correct file and upgrade the panel via local IP connection.

## Support

For technical support, please contact your point of sale or Dicker Data Access and Surveillance.
